

ABOUT OSWAL VALVES

We take pleasure in introducing Oswal Industries Limited (OIL) as a leading manufacturer of Gate, Globe, Check &Ball, Cryogenic & Pressure Seal Valves from India.

OIL has India's largest single location integrated manufacturing facility of over 100,000 square metres.Our captive Steel Foundry is dedicated to manufacture only Valve Castings. Ourmetallurgy includes Stainless Steel, Alloy Steel, Duplex Stainless Steel & Super Duplex Stainless Steel & Exotic Alloy Grades like Hastelloy Inconel,etc.This gives us an edge & makes us the only fully integrated valves manufacturer from India.

Apart from having obtained ISO 9001-2008,14001 & 18001, CE (PED) ,API 6D Certification, AD 2000-Merkblatt WO ,Fire Safe, TA-LUFT & Cryogenic Test Certification, Oswal Valves range of products conform to international Standards such as API, ASTM, ANSI, DIN, BS, NACE & MSS. The company has adopted a Total Quality Management approach to its various processes& has implemented MICROSOFT ERP system for faster & efficient management. The goal is to be a world class manufacturing facility.

OUR VALVE DESIGNS MEET SEISMIC TEST REQUIREMENTS FOR NUCLEAR ZONE V.

Our In-house Laboratory& testing facilities are supported with Spectrometer, UTM, Impact Testing, Pyrometer, Hardness Testing, Micro Structural Analyser, Ultrasonic, Magnetic Particle Inspection, Dye Penetration, Radiography and Pressure Testing facilities, PMI, Fire Safe ,Cryogenic Testing ,Helium Leak Detection, Black Light Testing for Oxygen Service & Cleaning.

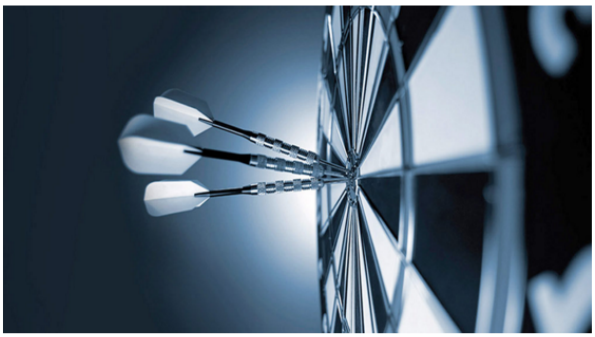
Vision / Mission

Vision

To be a globally respected conglomerate driven by Excellence

Mission

Be a world class flow management solution provider with a global presence imbibing best international practices while promoting highest levels of quality



Values

We are willing to adapt to changes to meet the challenges of the market place but will not compromise on our beliefs, ethics and integrity. We will ..

- Aim for highest customer satisfaction.
- Be Caring for our stakeholders, people and our society.
- Be passionate for continuous innovation and high performance.
- Respect for safety & environment.

Oswal Group

OSWAL
INDUSTRIES LIMITED

Oswal Industries Ltd – Foundry Division

We at Oswal manufacture Castings in Duplex & Super Duplex, Hastealloy, Inconell, Monel, Precipitating Hardening Alloys, Stainless Steel, Low Alloy Steel, and Carbon Steel for Valves confirming to ASTM, DIN, NACE, BS & JIS standards.

We manufacture castings for oil and gas, petrochemical, refineries and other sectors. Castings are manufactured by Electric Induction Melting Furnace, Moulding & Core making by two parts no bake system on OMEGA Moulding. Heat treatment is done in Gas furnace.

Metal Forge (India)

Oswal Industries Ltd. is one of the leading manufacturer and exporter of valves. Oswal's valve division is certified by API, ISO and CE. Oswal's product range of all major pressure class valves like Gate Valves, Globe Valves, Check Valves and Ball Valves which are made from high quality cast carbon steel, alloys steel, stainless steel & super alloys material.

Oswal Infrastructure Limited

Oswal Infrastructure Limited, a company established with a vision to contribute in the Infrastructure Development of India is a 100% owned subsidiary of a business legend ' Oswal Industries Limited' a technical conglomerate delivering quality and commitment with all products and services from three decades to major Industries and Projects in India and Overseas. In the recent years, India has seen remarkable growth in Power & Energy, Oil & Gas, Refineries, City Gas distribution, Transportation, Communication and all major sectors.

NIMBA - Nature Cure Village

'NIMBA', is a unique facility that helps to restore the natural balance of your mind, body and spirit through modern medical advancements, ancient medical techniques and contemporary & international therapies which enhance and augment the original.

Milestones

2016

FM Approval for Metal Seated Gate Valves Export Sales Over 85%

2015

Oswal grows its International Sales & Service Network & has offices now in USA, Europe, Africa< Middle-East, S.Korea & Japan

2014

Oswal Foundry completely rebuilt to meet Global Standards & Requirements. Oswal Valves Manufacturing Unit relayed to bring in Cellular & Lean Manufacturing Concepts.

2012

Received Large export orders mainly of Duplex and Exotic alloy materials for Middle-East

2011

Received Order of US$ 5 Million for Ball Valves & US$ 7 Million for cryogenic valves, the largest order received by any Indian Valves Manufacturer

2010

Manufacturing of Large Size Valves and establishment of R&D Centre Assurant Solutions wins the Stevie® Awards for Sales & Customer Service in the Innovation in Customer Service category.

2009

Fast Track Services and Global End User/EPC Approvals

2007

Assurant celebrates five years as a public company. Manufacturing of Cryogenic Valves

2006

Manufacture of Pressure Seal Valves

2005

Manufacturing of Trunnion Mounted Ball Valves

2004

CE Certification

2002

ISO 9000:2000 and API Certification

1995

Commencement of production of ANSI Valves – Gate, Globe and Check Valves

1985

Foundation of Oswal Industries Limited – Foundry Division
