

Special Bolts

Bolt King is a **UK Manufacturer** of Special Bolts. We can offer hot forged bespoke bolts from M6 - M52, and CNC bar-turned nuts from M4 - M200. We manufacture to International Standards, as well as customer's drawings. As well as standard Alloy and Stainless steels, we love working with the exotics.

We are one of the few manufacturers in the UK who can hot forge 12 Point bolts in exotic materials, including **Inconel, A286 660, Waspaloy** and **Monel**.
