

Special Washers

Bolt King is a **UK Manufacturer** of Special Washers and Spacers. We can offer CNC bar-turned washers from M3 - M200. We can also offer pressed and laser-cut special washers on short lead-times. We manufacture to International Standards, as well as customer's drawings. As well as standard Alloy and Stainless steels, we love working with the exotics, including **Inconel, A286 660, Waspaloy** and **Monel**.
