

Waste Shredders

For grinding down scrap/rejects produced in the manufacture of Flexible packaging (film-use in shopping/medical bag manufacture, tapes-used in woven sack manufacture, cable coatings, PET bottles for mineral water/beverages/carbonated soft drinks/juices/oils, etc.)

Features

- Solid steel & robust construction.
- Compact and economical.
- Easy to operate.
- Sound reduction.
- Long life scissor-type blades.
- Quick and easy blade setting.
- High production.

Technical Details

Model	HMC-0412	HMC-0416	HMC-0420	HMC-0425	HMC-0430	HMC-0438
Power Required	5HP. (3.75kw)	10HP. (7.5kw)	15HP. (11.25kw)	30HP. (22.5kw)	50 HP(37.5 kw)+7.5 HP	75 HP(56.25
Grinding Capacity	30 to 40 Kgs.	60 to 80 Kgs.	110 to 125 Kgs.	175 to 200 Kgs.	300 to 350 kgs.	500 to 600 kgs.
No.of Blades	6	6	6	6	6	6
Throat Size	12"x 12"	16"x 16"	20"x 20"	25"x 25"	30"x 30"	38"x 38"
Length of Blades	12"	16"	20"	25"	30"	38"
Suitable for	Film waste	Film waste woven sacks, etc.	Film waste woven sacks & pet bottles	Film waste woven sacks & pet bottles etc.	Film waste woven sacks & pet bottles etc.	Film waste woven sacks & pet bottles etc.
