

## Structurals

Structurals describe hot rolled steel products such as Angles, Channels and Beams. An integral part of construction activity, they give shape and strength to buildings, bridges, transmission line towers (TLT), industrial sheds and structures.

Beekay produces an array of products to meet structural requirements at Vizag and Chennai. This includes **Medium & Heavy Angles, Channels and Beams (I-Beams & H-Beams)** for infrastructure building. Apart from standard dimensions, customized products can also be rolled for special applications, economically and quickly.

Our Structural Bars range:

Structurals	Min. (mm)	Max. (mm)
Angles	45 x 45 x 6 mm	200 x 200 x 20 mm
Channels	125 x 65 mm	400 x 100 mm
Beams	100 x 50 mm	500 x 180 mm

- Common grades as per IS 2062:2006
- Dimensional tolerance as per IS 808:1999
- Rolling and Cutting tolerance as per IS 1852:1998
