Acoustic Enclosures / Storage Systems

## Welcome to NEWTECH: customized engineering solutions company...

Established as small venture dealing with diesel generating sets, Newtech always had thrust on providing customized engineering solutions to industry.

Post CPCB norm, it became mandatory to have acoustic enclosures for noise making machines like diesel generating sets. Newtech rightly ventured into design and manufacturing of acoustic canopies for DG sets and subsequently developed acoustic canopies for many other products like compressors / press machines etc. Today, hundreds of acoustic and non acoustic enclosures of different types are being supplied to various segments of industry.

First Acoustic DG Sets 2x1250 KVA installed at Saint Gobain India - 2004

Complete in house fabrication shop with TPP / CNC bending / Gas welding with trained team of Design engineers & technicians.

TRUMPF - TURRET PUNCHING PRESS MACHINE

HYDRAULIC SHEARING / BENDING MACHINE

Customized large room acoustic jobs done on turnkey basis

VERY LARGE ACOUSTIC CANOPY FOR MULTIPLE SETS INSTALLED AT RITER INDIA LTD

SPECIAL ROOM ACOUSTIC FOR PHARMA MACHINE INSTALLED AT ACGL PHARMA

WEATHER PROOF ENCLOSURE DEVELOPED FOR PALL CORPORATION

ACOUSTIC CANOPIES DEVELOPED FOR VACUUM PUMPS AND GRATING MACHINES

With strong engineering base backed by high caliber work force Newtech is able to successfully develop custom design products keeping in mind maintenance space, durability, aesthetics and cost effectiveness.

### Salient futures of acoustic enclosures -

Modular Design easy to assemble and dismantle. | Sheet metal parts under go seven tank pre treatment before powder coating | Sound absorption by mineral or acoustic foam | With integral base frames and single lifting arrangement | GI / Stainless steel canopies

Genset Conopies frome 5KVA to 2000 KVA

CNG BOOSTER CANOPY

Add on CANOPY

Compressor / Nitrogen / Oxygen Canopies Approved by HAL

Truck / Trolley Mounted Canopies

Machine Enclosures and guards

Skids & Silencers

- Acoustic Conopies for DG sets form 5 KVA to 3000 KVA for all makes of generators
- Multiple DG sets in one canopy / Room Acoustics
- Enclosures for pneumatic compressors
- Enclosures for nitrogen and oxygen compressors
- Enclosures for CNG boosters / blowers and pumps / vacuum pumps
- Enclosures for presses and other noisy machines
- Skids / base frames / fuel tanks / Silencers
- Machine guards

In today's scenario where space has become most precious asset and material storage and movement is playing very important role. The space management leads to better storage of material, be it finished good or raw material.

Keeping this in mind, Newtech developed storage products for industries like manufacturing, automotive, banking, etc.

Newtech range of storage products are designed considering today's needs. Having more than ten years of experience in dealing with wide range of industrial products like DG sets, acoustic products, Newtech is able to understand the exact need of particular industry and offer tailor made solutions. Strong research and development team works day and night to achieve more organized storage systems for our clients.

Most innovative storage system for optimum space saving and cost saving,

**Push-Pull type**

**Mechanised type**

■ Saves Space upto **70%** ■ Easy and lockable ■ Safe and dust free ■ Easy and fast storage ■ Easy and fast retrieval

Ideal for engineering industry, pharmaceutical industry, automotive industry, service stations logistic industry, banks and hospitals and many more

■ We make customised compactors as per load and space availability

---

### Mobile Compactors

---

Newtech heavy duty raking system is designed for large loads in organized and easy method.

Upright and load beam section are made out of sheet steel of different sizes depending on load and the span.

Height designed best on retrieval and / or loading pattern i.e. manual or mechanized (forklift).

- Space Saving
- Neat and organized
- Easy storage and retrieval

---

**Heavy Duty Racking**

---

---

**Cantilever Racks**

---

---

**Slotted Angle Racks**

---

---

**FIFO RACKS**

---

# Control Panel Division

**Design & Manufacturing of different types of Control Panels . Please ask for product Catalogue**

## **Our Satisfied Costumers**

**Mercedes Benz   |   Finolex   |   Bharat Forge   |   Rieter India   |   Emerson   |   Ayoki Group**  
**Cummins   |   Sahyadri Industries   |   Endurance   |   Praj   |   Patni Computers   |   INA Bearings**  
**Kirloskar Pneumatic   |   ACGL Pharma   |   ARAI   |   Saint Gobain   |   Osho Foundation   |**  
**Alfa Laval   |   Hindustan Unilever   |   Pall Corporation** **and many more...**
