

Rubber Products

Incorporating years of relevant industry experience, we offer high value SPARE RUBBER DIAPHRAGM VALVES. The hoses offered by us are available in varied specifications and sizes to match the diversified requirements of our diversified clientele. Our hoses offer excellent resistance to corrosion and widely demanded for their high tensile strength. Our products are also used with sulfuric acid. The wide variety of hoses offered by us includes:

- KB Type Rubber Spare Diaphragm Valves
- Weir Type Rubber Diaphragm for Valves
- PTFE Diaphragm + Rubber Diaphragm for Diaphragm Va

Grade	Polymer Type	Temperature Range
Natural Rubber	Natural Rubber <u>Polyisoprene</u> /SBR	-20 to + 55.70°C
	Sulphur cured and carbon black reinforced	
White Natural Rubber	Natural Rubber <u>Polyisoprene</u> /SBR	-10 to + 60 75°C
	Sulphur cured and white reinforced	
EPDM	Ethylene Propylene Diene (EPDMI	-30 to + 100 110°C
	Organic peroxide cured, carbon black reinforced	
Butyl Rubber	<u>Isobutylene</u> Isoprene (IIRI	-25 to + 60...80°C
	Sulphur cured and carbon black reinforced	
Nitrile	Butadiene Acrylonitrile	-10 to + 60 80°C

Rubber Gaskets & Seals

We are engaged in offering to our clients superior Gaskets & Seals. The gaskets supplied by us are appreciated for high strength, optimum performance and durability & are ideal to be used on standard flange assemblies, valves, pumps, heat exchangers, automobiles and home appliances.

Also, these are offered by us in a variety of material namely:

- Viton
- Silicone
- Neoprene
- Polyacrylic
- Also, these are offered by us in a variety of material namely:

Oil Seals

We are amongst the most reputed providers of Oil Seals that are available in a large variety of shapes and sizes. These seals offer high resistance to deformation under high pressure and temperature by serving as mechanical seals for rotating and static forces. The variety of oil seals offered by us include 'O' Rings, Bushes, Oil Seals, Mountings, U & V Seals, Sleeves, Bellows, Diaphragms, Pads, Heat Exchanger and Furnace Gasket and Washers.

Additionally, we also offer Grommets, Rubber Sheets, rubber to Metal Bonded Items, Rollers, Viton and Silicone 'O' Ring Cords, Extruded Profiles, EMI Gaskets and Import Substitutes types.
