DHT COILS

...for Every Application and Installation.

QUALITY ASSURANCE...

is guaranteed at DHT. First, our Engineering department performs strict quality control measures to ensure specified dimensions meet DHT's rigorous standards.

Second, all coils at DHT are hydrostatically tested to 500 psi.

And lastly, each coil is carefully crated or packaged for protection during the shipping process.

FAST TURNAROUND...

is a commitment at DHT. Our years of experience with heat transfer products and large inventory of raw materials enable us to offer the most efficient and reliable order processing in the industry.

PLUS SUPER SERVICE...

- OEM And Replacement Coils For Every Application
- Cross Reference All Major Brands
- Quick Response/Field Measurement Available
- Competitive Prices
- DHT Offers 24 Hour, 48 Hour, 3 Day and 5 Day Rush Production Options
- Standard Lead Time is 2-3 Weeks
- Credit Cards Accepted

DHT BUILDS QUALITY INTO EVERY COIL

DHT has invested in state-of-the-art equipment and facilities, for greatly increased precision and speed in the fabrication of critical components for heat transfer products.

CUSTOM BUILT

Tubing/Material: Copper, Copper Nickel, Stainless and Carbon Steel

Outer Diameter: 1/4", 5/16", 3/8", 1/2", 5/8", 7/8" and 1"

Wall Thickness: .012 up to .065

Casing: Galvanized, Stainless Steel, Carbon Steel, Aluminum and Copper

Fin Stock:

Plate Fin: Flat, Wavy, Corrugated, Sine Wave, Lanced

Material: Aluminum, Copper and Stainless Steel

Thickness: .0045 to .018 and up to 22 fins per inch

Connections:

Materials: Copper, Brass, Carbon and Stainless Steel

EVAPORATOR COILS

TRUE TO OUR NAME, DIVERSIFIED HEAT TRANSFER, IF YOU NEED ANY COILS OR HEAT EXCHANGERS, WE SUPPLY THEM!

DHT is an engineering and manufacturing company with more than a half century of experience. We're highly specialized in the design and fabrication of heat transfer equipment and systems for residential, commercial and industrial applications worldwide.

dhtcoils.com... for HVAC COILS. Quality is built into every coil...for every OEM and replacement application.

dhtnet.com... for industrial and residential products including tankless coils, brazed plate, plate & frame, shell and tube heat exchangers, tube bundles, pool and spa heaters, water heaters, oil preheaters, and solar system solutions.

To the Wholesaler: New from DHT, a full line of water and DX coils for residential and light commercial applications.

- Flanged duct coils
- Cased Hot Water coils
- M Style DX coils
- A Style DX coils
- Cased Horizontal Evaporator coils

Contact DHT for competitive pricing or go to our website for more information on ratings, dimensions and construction.
