CONTENTS

Terms and Conditions - Page 123

Angle Valves.....	10-13	Gauge Fixtures, Boiler Code Compliant.....	65-66
Ball Valves.....	1-3	Gauge Fixtures, Lower.....	71-74
Blow-Down Valves.....	14-19	Gauge Fixtures, Upper.....	67-70
Boiler Drains.....	119	Gauge Fixture Sets.....	75-90
Boiler Gauge Glass.....	56	Gauge Fixture Set, Boiler Code Compliant.....	91
Check Valves, In-Line.....	29	Globe Valves.....	4-9
Check Valves, Lift.....	30-37	Needle Valves.....	46-47
Check Valves, Swing.....	22-28	Pressure Gauges.....	95-97
Cocks.....	98-100	Pressure Reducing Valves.....	116-119
Continuous Blow-Down Valve.....	20-21	Pressure Reducing Valves Installation Kits.....	120
Cross Reference Chart.....	121-122	Safety Relief Valves.....	64
Expansion Tank Fixtures, Lower.....	93	Steam Traps.....	112-115
Expansion Tank Fixture, Upper.....	92	Strainers, Air Line.....	48
Expansion Tank Fixture Sets.....	94	Strainers, Sediment.....	49-52
Float Balls.....	59-60	Sure Site Indicators.....	104-110
Float Valves.....	57-58	Syphons.....	101-103
Float Valve Rods.....	61	Tricocks.....	62-63
Flow Indicators.....	104-110	Whistle Valves.....	38-44
Gate Valves.....	53-55	Whistle Valves, Air Operated.....	45

NOTE: Steam Pressure Ratings on Valves are for Body and Components excluding discs. If Valve is equipped with a Rubber Disc, it will not withstand steam pressure.

Canada / US Listed

Underwriters Laboratory

FM Factory Mutual

PRESSURE TEMPERATURE RATINGS

The Pressure-Temperature ratings listed below were developed by the Manufacturers Standardization Society of the Valve and Fittings Industry, commonly referred to as AMSS.@

PRESSURE TEMPERATURE RATINGS - Non-Shock for Bronze Valve (MSS Standard Practice SP-80)

Note (1)

Pressure-Temperature ratings on Solder-Joint Pipe Systems is dependent not only on valve, fitting and tubing strength, but also on the composition of the solder used for joints. The user is responsible for selecting a solder composition that is compatible with the service conditions.

Note (2)

Pressure-Temperature ratings for valves fitted with non-metallic (composition) discs is dependent upon the composition of the disc material.

Note (3)

ASTM-B62 (Alloy 836) can be used to these pressures if temperature is limited to 406 F.

* With Union Bonnet

Model 226UT "Y" Blow-Off Valve
Complies with MSS-SP-80-2013
CRN OCO7135.2

200 WSP @ 406° Max • 400 WOG
Non-Shock Service • 100% Pressure Tested
Threaded Ends • Rising Stem • Swivel Disc Holder
PTFE Disc • Integral Seat • Max Pressure for Boiler Blow-Off 160 PSI
Contains Lead. Not Intended for Use in Potable Water Systems

Care must be taken in blow down piping so that no water hammer effect causes shock to the "Y" blow down valve, especially in cases where a boiler has two blow down lines. In such cases both lines should be piped to a common set of blow down valves or each blow off line should be piped separately to the blow down separator. Excessive water hammer or shock can destroy valves and piping and could cause injury.

Model 325U “Y” Blow-Off Valve

Complies with MSS-SP-80-2013

CRN OCO7135.2

Class 300 • Non-Shock Service

100% Pressure Tested • Threaded Ends

Rising Stem • Swivel Disc Holder

Seat & Disc 400-500 Brinnell Stainless Steel

Max Pressure 390 PSI @ 500° F • Max Pressure for Boiler

Blow-Off 312 PSI

Contains Lead. Not Intended for Use in Potable Water Systems

Care must be taken in blow down piping so that no water hammer effect causes shock to the “Y” blow down valve, especially in cases where a boiler has two blow-down lines. In such cases both lines should be piped to a common set of blow down valves or each blow off line should be piped separately to the blow down separator. Model 425 Quick Opening Blow-Off Valve

**Class 300 * ANSI B 16.34 * 665 psi Working Steam Pressure @ 500 F
750 psi @ 100 F * 100% Pressure Tested * Threaded Ends * Epoxy Coated (E-Coat)**

Max Pressure for Boiler Blow Off 530 PSI

CRN OCO7135.2, 24, 25, 26

CRN OEO2171.7, 79, 70, 78, 7AY, 7T, 7N

The United Brass quick opening boiler blow off valve has been designed for the rugged service of boiler treatment and scale. The cast steel knife gate valve conforms to Class 300 of ANSI B16.34 and features a stainless steel seat and disc hardened to Rockwell 60. ASME Boiler and Pressure Vessel Code Section 1 PG-42.1.12 and Power Piping Code ASME B 31.1 Table 126.1 reference steel valves to ANSI B 16.34. The sliding disc provides a “cleaning” action that keeps the seating area clear of scale and debris.

TERMS AND CONDITIONS OF SALE

1. United Brass Works, Inc. agrees to sell products pursuant to its standard terms and conditions, unless it agrees to other terms in writing signed by both parties. The printed provisions on the reverse of any customer Purchase Order or on any other form supplied unilaterally by any customer shall be deemed rejected by United Brass Works, Inc. and shall be void and of no effect.
2. Where shown, valves will be shipped in multiples of packaged quantities. Order quantities will be changed to coincide with multiples of packaged quantities.
3. All prices are listed net, FOB, Randleman, North Carolina with freight allowed in Bronze and/or Iron Valves of 750 lbs. or more to all points in the U.S. (excluding Alaska and Hawaii) and to the nearest port of embarkation for foreign shipments (including Alaska and Hawaii), on all orders and back orders United Brass' responsibility terminates upon receipt of a bill of lading by the carrier.
4. Minimum merchandise invoice amount shall be \$50.00 per order. All orders received for merchandise that totals to less than \$50.00 shall be invoiced at the minimum charge.
5. Prices are subject to change without notice and orders will be invoiced at price in effect at time of shipment.
6. Terms are thirty days net, provided credit is approved. Where no credit information is available, shipments will be made COD or sight draft Charge accounts are extended to businesses, institutions, and organizations only, not to individuals. To qualify for open account privileges, an account must be rated satisfactory in Dun & Bradstreet or supply names of three commercial vendors who have extended credit. Allow four weeks to establish account when references other than a satisfactory Dun & Bradstreet rating are furnished.
7. No material shall be accepted for credit or replacement without prior return authorization being obtained and an RMA number being issued for the material. All materials must be returned prepaid.
8. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. During the first ninety (90) days after date of delivery of this product to the original purchaser. United Brass Works, Inc., will remedy any defect or malfunction found therein. However, the original purchaser shall be responsible for all labor costs. United Brass Works, Inc., extends this limited 90-Day Warranty to the original purchaser of this product only, and not to any subsequent transferees.

This warranty does not apply to conditions resulting from improper installation, inadequate maintenance, misuse, abuse, accident or alteration. This is the only warranty applicable to products manufactured by United Brass Works, Inc., and the Company neither assumes nor authorizes anyone to assume for it any other obligation or liability in connection with such products.

ANY IMPLIED WARRANTIES OR MERCHANT-ABILITY OR FITNESS FOR A PARTICULAR PURPOSE SHALL BE LIMITED INDURATION TO THE PERIOD OF THE ABOVE 90-DAY WARRANTY. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

UNITED BRASS WORKS, INC., SHALL NOT BE LIABLE FOR COMMERCIAL CONSEQUENTIAL DAMAGES SUCH AS PROPERTY DAMAGES AND INCIDENTAL EXPENSES RESULTING FROM BREACH OF THIS WARRANTY. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

9. All United Brass merchandise may be returned for credit if unused and in new condition after receipt of prior authorization within 60 days of purchase. Merchandise will not be accepted for return beyond 60 days after purchase. (This does not apply to defective merchandise.) A 15% restocking charge will be levied unless United Brass Works was in error. **Please call for Return Material Authorization number before returning merchandise.**
10. There will be a 15% surcharge on all merchandise drop shipped unless the invoice amount exceeds \$50.00.
11. All claims for short shipments must be made within 10 days of receipt of material. Claims made after 10 days of receipt will not be honored.
12. United Brass Works, Inc., reserves the right to ship orders by means we deem most expedient and least expensive unless your order contains specific instructions and provided these instructions do not entail additional expense for the company.
13. All cancellations must be in writing and any expense incurred processing your order prior to the cancellation shall be invoiced to you.
14. All telephone and telegraph orders must be confirmed in writing.
15. All orders taken by salesmen are subject to approval by home office.
16. United Brass Works, Inc., reserves the right to make partial shipment if such is necessary, unless order has specific instruction to the contrary.
17. All delivery dates are approximate and United Brass Works, Inc., is not responsible for failure to meet dates specified.
