

## Industrial Valves

Our comprehensive range of Industrial Valves is widely used in different industries such as Food & Sugar, Oil & Petroleum, Chemical & Process, Paper & Pulp, Pharmaceuticals and many more. We offer these Industrial Valves in various dimensions to cater to the demands of the clients across the nation. We are counted as one of the leading Wholesale Suppliers of Industrial Valves.

## Non Return Valves

Avail from us, a wide variety of Non Return Valves, which is known for high quality and durability among the clients. Non Return Valves can be accessed in multiple sizes at competitive prices. We are a reliable supplier of top notch quality Non Return Valves.

### Features

- Self-operative
- Maximum flow of water
- ISI marked
- High performance
- Durable

### Apt for

- Water treatment plant
- Oil industry

### Working & Test Pressure

- Type of Valve : PN 0.6, PN 1.0, PN 1.6
- Hydrostatic Body / Shell : 0.9, 1.5, 2.4
- Test (MPa) Seat : 0.6, 1.0, 1.6

## Butterfly Valves

We are engaged in offering a highly competent range of Butterfly Valves, which is procured from trusted manufacturers. Our range of Butterfly Valves is well acclaimed among the clients for high performance and corrosion resistant property. We are reckoned as one of the prime Suppliers of Butterfly Valves.

### **Praised For**

- High durability
- Robust structure
- Resistance to wear & tear
- Low maintenance
- Self-lubricated
- Actuator mountable design
- Leak proof design

### **Applications**

- Distillery & Beverages
- Food & Sugar industry
- Oil & Petroleum industry
- Chemical & Process industry
- Pharmaceutical industry
- Water Treatment plants
- Power Plants
- Fertilizer industry

### **Specifications**

- Temperature range : 34 C to 150 C
- Neck Flange according to ISO : 5211

## Check Valves

Our company is counted as one amidst the dependable Suppliers of Check Valves in India. Durability, high quality and anti-corrosive features are synonymous to our Check Valves. Avail these valves in different sizes as per the requirement. We are an eminent supplier of Check Valves, based in India.

### Popular For

- Excellent durability
- Compact construction
- Resistance to rust
- Smooth working
- High performance
- Easy maintenance

### Applications

- Oil & Petroleum industry
- Water Treatment plants
- Fertilizer industry
- Chemical & Process industry
- Paper & Pulp industry
- Paint & Varnish industry
- Food & Sugar industry
- Pharmaceutical industry
- Power Plants

### Working & Test Pressure

- Test Pressure (Hydrostatic) : 30 Bar
- Working Pressure : 20 Bar

## Sluice Valves

We have acquired a distinguished position amidst the trusted Sluice Valves Suppliers from India. These Sluice Valves are appreciated by the clients across the nation for high performance and strength.

### Specifications

- ISI : 14846

### Available in

- Resilient sealing
- Metal sealing

### Suitable for

- Water
- Oil
- Air
- Firefighting equipment
- Marine industry

### Composition

Components Material Body Cast Iron, SG Iron (Ductile), Cast Carbon steel, Stainless Steel, Bronze Disc SG Iron (Ductile), Stainless Steel Liner Nitrile, Neoprene, EPDM, Silicon, Buna N Upper & Lower Stem Stainless Steel AISI 410, AISI 304 O Ring Nitrile Circlips Spring Steel

## PVC Ball Valves

Our range of PVC Ball Valves is well acknowledged in the market due to the unmatched quality and excellent performance. PVC Ball Valves are available in varied sizes to meet the demand of the clients.

### Specifications

- Size Range : 15,20,25,32,40,50,65,80,100,125, & 150 mm
- Max. working temp. : 80oC (Consistently)
- Gasket/Stem Seal : Neoprene
- Test Pressure : 10kg./CM<sup>2</sup>
- Design : Single Body Moulded
- Construction : One Piece Body

### In demand for

- Unique designing
- High performance
- Easy operation
- Long working life

### Used at

- Oil and petroleum industry
- Food and sugar industry
- Paint and Varnish industry
- Fertilizers industry
- Power plant industry
- Water treatment industry
- Pharmaceutical industry
- Paper and pulp industry

## Globe Valves

We are listed at the apex in the list of the prominent Globe Valves Suppliers, based in India. Unmatched quality and unsurpassable performance of our range of Globe Valves has attracted various industrial sectors to place repeated orders.

### Applications

- Pharmaceutical industry
- Water Treatment plant
- Oil & Petroleum industry
- Chemical & Process industry

### Advantages

- High durability
- Compact design
- Resistance to abrasion
- Hassle-free operation

### Material of construction

- Cast steel
- Casting
- Stainless steel

### Size Available

- ½" to 24 "

### Applications

- Wheel
- Gear
- Actuator
