

Steam Accessories

PRS-IBR / NON IBR, Condensate Pump, Flash Vessels, Steam Headers, Automatic Blowdown System.

Steam accessories including Rifax range of products will be manufactured. IBR (Indian Boiler Regulation) has approved this facility and regular production has already commenced.

After establishing this setup and the subsequent IBR approval, Thermax's Chakan manufacturing facility has successfully executed a number of orders in low pressure as well as high pressure applications for various industry segments. Including power and Oil & Gas.

The manufacturing set up is equipped with

- Automatic Hydro-testing machine with testing capacity upto 500 bars
- Automatic Air Leakage Testing Machine
- Automatic Marking Machine to ensure traceability
- Lapping machine
- Honning Machine
- Automatic Component washing machine
- Demagnetizing machine
- Required drilling and lathe machines
