

## Product Range

At present, Godawri Spherocast Limited is making a lot of components for reputed OEM's, mainly in the tractor industry. Some of them are mentioned below:

- |                                |                      |
|--------------------------------|----------------------|
| • Front Axle Support           | New Holland Tractors |
| • Crank Case - 2 Bore & 3 Bore | ITL, HMT             |
| • Break Drum & Flywheel        | Swaraj Mazda Ltd     |
| • Differential Housings        | ITL, STD, Preet, ACE |
| • GB Housing                   | PTL, STD             |

Apart from these, we are manufacturing many small castings in SG Iron for Swaraj Mazda and HMT. We have the capability to produce complex castings like Camshaft and Cylinder Heads. No Bake molding line can be used for job castings as well. Due to a technically sound team, we are confident of manufacturing any casting as per customer specifications.

Box Size: 1100\*700\*300/200.

(Box size can vary according to the demand of the customer).
