

Maxum **BLOWER ENCLOSURES** FOR MODELS L07, L10, M15, M20

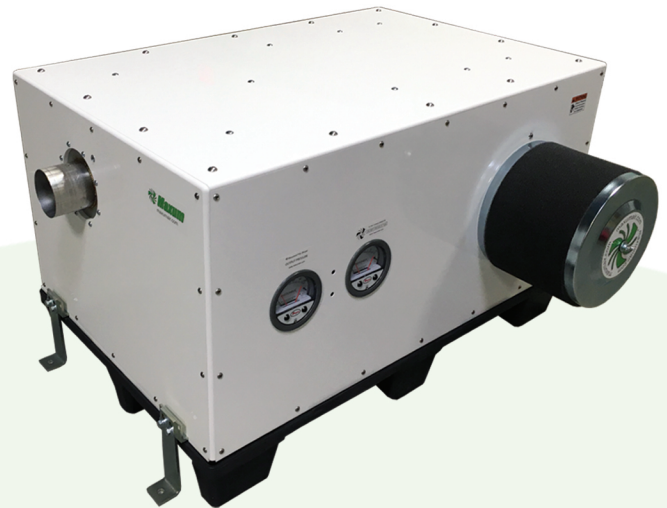

Maxum blower enclosures reduce the blower sound level to below 75dB at 3 foot distance. They are offered in several configurations that offer a very small footprint, and an integrated skid mount.

STANDARD ITEMS INCLUDE:
4" or 6" outlet, blower output gage,
filter change gage, inlet filter with pre-filter,
and polypropylene exterior.

Vertical Enclosure

Horizontal "S" Enclosure
- Side-mounted gages and filter

Horizontal "T" Enclosure
- Top-mounted gages and filter

Maximum Performance..... Less Hype.
