

Mixer machines

We offer high speed mixer machines with superior quality at cost effective prices. These machines are manufactured by incorporating latest technology.

We specialize in manufacturing and supplying of heavy duty constructed High Speed Mixer. This mixer is appreciated widely among our clients for durability, performance and efficiency. The easy discharging arrangement and easy operation makes it a preferred choice over the available substitutes in the market. Low on maintainance, these mixers are used heavily for color mixing and pre heating all kinds of plastic material.

Tabulated below are some of the key specifications of our range of High Speed Mixers:

TECHNICAL SPECIFICATION

Inch	Motor	Output
20"	7.5 HP	25 kg / bags
24"	12.5 HP	50 kg / bags
