

Butterfly Valve

Size 1 1/2" to 12"

We are engaged in offering butterfly valves, which are widely used in chemical industries. These butterfly valves controls the flow of fluid flowing through a section of pipe. Available in various sizes, we can provide made-to-order butterfly valve as per customers requirements.

S.No	NAME OF PART	MATERIAL SPECIFICATION
1	BODY	CAST IRON TO BS 1452 GR 220
2	BODY LINER	BLACK NITRILE, EDPM, VITON, HYPALON
3	DISC	SG TO BS 2789 GR 420/12 WITH POWDER COATING.SS TO ASTM A 351 GR.CF8 EDGE POLISHED SG TO BS 2789
4	SHAFT	AISI 410
5	FLOW CONTROL LEVER	SG IRON/C.S FABRICATED

Knife EDGE Gate Valve

Range 2" to 14"

We offer an extensive variety of knife EDGE gate valve. These are required for isolation, on-off and throttling application and ensure reliable and long life on different rough applications such as corrosive and abrasive services. To ensure long maintenance free service life important features like operating loads, case of operation and service conditions are included in the construction.

S.No	NAME OF PART	MATERIAL SPECIFICATION
1	BODY	C.I/C S/S. S 304/316
2	GATE	S. S 304/316
3	O' RING	NITRILE/ VITON
4	PACKING	TEFLON IMPRIGNATED
5	GLAND	C.S FABRICATED
6	SPINDLE	S.S 304/316
7	SPINDLE NUT	G.M/C.I
8	HOUSING	C S FABRICATED
9	HAND WHEEL	M.S MALLEABLE
