

Marine Pumps

KECO and Pump-A-Head are familiar, reassuring names to anyone in the marine sanitation business. For over 50 years KECO has earned a reputation for excellence in customer service, manufacturing, distribution, and engineering while proudly serving a worldwide client base. KECO products have proven their worth for many years and still set the pace for the industry. KECO is dedicated to the high quality products, outstanding performance and simplicity. Engineered Pump is pleased to have represented KECO for over 25 years.
