

## Butterfly Valves

We produce a comprehensive array of industrial pipeline valves and strainer that has a wide demand in several industries such as Sugar factories, fuels & oil industry, chemical industry, petrochemical industry, refineries, water treatment & other allied industries. Each of our industrial equipment undergoes stringent quality checks, like air test & pneumatic test, which enables them to stand at par with the set international norms. With the aid of high quality raw material & advance testing methods we are supplying our high performing valves & strainers to a worldwide clientele.

### Butterfly Valve-Wafer/Lug/Double Flanged Ends

SPECIFICATIONS	
DESIGN	API 609
FACE TO FACE	API 609
FLANGE	ASME B 16.5
PRESSURE RATING	PN 10/PN 16-1 ½" to 24"
TESTING	BS 6755 PART-2/ API 598
BODY	,ASTM A216 Gr. WCB, ASTM A351 Gr. CF8/CF8M
DISC	CF8/CF8M
BODY LINERS	NITRILE/EPDM/VITON/PTFE
OPERATION	HAND LEVER/HAND WHEEL GEAR /PNEUMATIC ACTUATOR
NOTE: REPLACEABLE SEAT, METAL SEAT, EXTENDED STEM ARE AVAILABLE ON REQUEST	

## Cast Iron Butterfly Valve

SPECIFICATIONS		
1	DESIGN	API 609
2	FACE TO FACE	API 609
3	FLANGE	ASME B 16.5
4	PRESSURE RATING	PN 10/PN 16-1 ½" to 24"
5	TESTING	BS 6755 PART-2/ API 598
6	BODY	IS 210 Gr. FG 220
7	DISC	D.I(POWDER COATED)/CF8/CF8M
8	BODY LINERS	NITRILE/EPDM/VITON/PTFE
9.	OPERATION	HAND LEVER/HAND WHEEL GEAR /PNEUMATIC ACTUATOR
NOTE: REPLACEABLE SEAT, METAL SEAT, EXTENDED STEM ARE AVAILABLE ON REQUEST
