

# Casing Pipes

## Applications & Salient Features:

- BOREWELLS / TUBEWELLS
- Appropriate medium for getting clean water from deep and shallow Bore wells.
- Threaded terminals, easy to join and economical.
- Can be installed even in deep bore-wells due to good elasticity of joints. Rust free, Chemical resistant and long lasting.
- Weighs five times lesser than steel pipes, hence, easy to transport at lesser cost.

## Standards:

- IS 12818

## Product Range:

- Casing Pipes :DN 100mm to DN200mm
