

# Hydraulic Equipments

Elegant Creations is trusted and affordable hydraulic equipment supplier in India. We have innovative Hydraulic equipment designs and Hydraulic equipment repair solutions.

We are always up for a challenge here at Elegant Creations, and are regularly tasked with sourcing seemingly outdated or discontinued equipment hydraulic; or swapping original hydraulic products like Hydraulic Auto Run, Power Pack, Shear and Cylinder into modern, off-the-shelf standard equivalents with minimal, if any, re-engineering. Getting hold of hydraulic equipments that you needed "yesterday" needn't be a problem either.

Our Hydraulic Cylinder and 8 inch bore hydraulic cylinder user friendly design are known for its Corrosion resistance and Sturdy construction. We can repair Hydraulic Cylinder at very reasonable rate.

## HYDRAULIC CYLINDER

Capacity up to Bore size 450 mm x Stroke 2.5 MTR, Single / double acting, Cushioned / Non-Cushioned type, working Pressure up to 5000 PSI, Mounting Front / Rear Flange, Center Trunion type, Rod end Threaded or clevis type

## HYDRAULIC POWERPACK

Tank Capacity up to 5000 liter, up to 50 HP Motor, max flow 1000 LPM, max Pressure 5000 PSI with Breather, Filter, Oil level Indicator, Flow Control valve, Pressure relief valve, Pressure switch, Pressure reducing valve, Direction Control valve, valve stands etc.

### **BAILING PRESS**

- Scrap Bailing Press
- Hydraulic Press
- Hydraulic Scrap Bailing Press

### **HYDRAULIC SHEAR**

Up cut / Down cut type for sheet Thickness 0.3 mm to 25 mm Thick sheet width 300 mm to 3000 mm Hydraulically operated up to 100 cut/min with side guide, Length adjustment photo sensing device.
