

## Hydraulic Hoses

Conversant with the modern and scientific techniques, we have come up as a dependable Manufacturer, Exporter & Supplier of **Hydraulic Hoses**. The remarkable range of Hydraulic Hoses, offered by us, is inclusive of High Pressure Hydraulic Hoses, Low Pressure Hydraulic Hoses and Multi Spiral Hydraulic Hoses. We manufacture our Hydraulic Hoses in highly-controlled industrial environment. All our Hydraulic Hoses are stringently tested by the quality auditors before the final dispatch. Besides, with the help of a vast distribution unit, we guarantee timely delivery of the Hydraulic Hoses.

### High Pressure Hydraulic Hose

Acclaimed among the preeminent Industrial Hydraulic Hose Suppliers in India, we deliver our products at reasonable prices as per our customer's drawings and specifications. Manufactured using high grade raw materials, our precision engineered hydraulic Hose are in sync with the international standards. These **High Pressure Hydraulic Hoses** are used in various industrial applications and ensure flawless and efficient operation.

### Specifications

- Working pressure up to 10,000 PSI
- Hydraulic hoses 3/16" ID to 5" ID Spiral & Braided
- Available in all international specs. SAE, DIN, BS & IS., EN & ISO
- Petroleum transfer Oil Suction & Discharge hoses & grease hose
- Fuel hoses, petrol & diesel dispensing hose
- Water & Suction Discharge Hose
- Air, water, pneumatic, Welding & Rock drill hoses
- Chemical hoses, steam hoses, car washing

**Size :** 1/4" to 1" dia (working pressure 30 kg/cm<sup>2</sup> to 10 kg/cm<sup>2</sup>)

### Order Details

- **Estimated Time of Delivery :** 3 to 7 days
- **Payment Terms :** D/P, L/C, T/T (Wire Transfer)
- **Payment Mode :** Cash, Cheque, DD, Online, Wire Transfer
- **Shipment Mode :** By road

### Hose Assemblies

- Payloaders
- Multi
- Utility Vehicles
- Excavators
- Dumpers
- Drills
- Dozers & Trucks and all machineries

### Extensively Used In

- Earth moving industries
- Other industrial applications

## Low Pressure Hydraulic Hoses

We feel pride in introducing ourselves as one of the leading Manufacturers and Suppliers of **Low Pressure Hydraulic Hoses**. Low Pressure Hydraulic Hoses, offered by us, is ideal for supplying the hydraulic fluid to the various hydraulic components. Besides, Low Pressure Hydraulic Hoses are oil resistant and synthetic rubber reinforced with one/two plies braided high tensile steel wire covered with oil, weather and abrasion resistant synthetic rubber.

### Order Details

- **Estimated Time of Delivery** : 3 to 7 days
- **Payment Terms** : D/P, L/C, T/T (Wire Transfer)
- **Payment Mode** : Cash, Cheque, DD, Online, Wire Transfer
- **Shipment Mode** : By road

## Multi Spiral Hydraulic Hoses

The company holds specialization in manufacturing and supplying the best quality **Multi Spiral Hydraulic Hoses**. Multi Spiral Hydraulic Hoses are extensively used in extremely high pressure hydraulic system. We make use of sophisticated technology while manufacturing these Multi Spiral Hydraulic Hoses. Further, our Multi Spiral Hydraulic Hoses are widely appreciated for the features such as corrosion resistance, ability to withstand temperature and high-dimensional accuracy.

### Available Models

- **EN 856 4 SP**
  - **Construction Tube** : Â Oil resistant synthetic rubber
  - **Temp. Range** : Â -40 0C to + 1000C continuous +125 X intermitten
  - **Reinforcement Cower** : Â 4 high tensile steel wire spirals
  - **Synthetic Rubber** : Â Abrasion, ozone and weather resistant
  - **Impulse Cycles** : Â Minimum 400.000
  - **Size** : Â 3/8" to 2"
  - **Application** : Â Very high pressure hydraulics
- **EN 856 4SH**
  - **Construction Tube** : Â Oil resistant synthetic rubber
  - **Temp . Range:** Â - 400 C to +1000 C continuous +1250 C intermittentÂ
  - **Reinforcement Cower** : Â 4 high tensile steel wire spirals. Synthetic rubber-abrasion, ozone and weather resistant
  - **Size** : Â 3/4" to 2"Â
  - **Impulse Cyclesc** : Â Minimum 400.000
  - **Application** : Â Extra high pressure hydraulics
- **EN 856 R12**
  - **Construction Tube** : Â Oil resistant synthetic rubber
  - **Temp. Range** : Â - 400 C to +1000 C continuous +1210 C intermittentÂ
  - **Reinforcement Cover** : Â 4 high tensile steel wire spirals. Synthetic rubber-abrasion, ozone andÂ weather resistant.
  - **Size** : Â 3/6" to 2"Â
  - **Impulse Cycles** : Â Minimum 500,000
  - **Application** : Â Very high pressure hydraulics

### Order Details

- **Estimated Time of Delivery** : 3 to 7 days
- **Payment Terms** : D/P, L/C, T/T (Wire Transfer)
- **Payment Mode** : Cash, Cheque, DD, Online, Wire Transfer
- **Shipment Mode** : By road
