

Platform Scales

Platform scales designed with features for demanding, heavy-duty weighing in factories, shipping and receiving departments, warehouses, and loading docks and also in Vegetable, Fruit & Flower markets, Rice & Dhall Mills, Grocery merchants, Courier services, Iron & Steel Merchants etc.,

They are ideal for weighing large boxes, shipping crates, pallets, heavy luggage and other oversized items. All models are approved by Govt of India. And each scale is stamped by legal metrology department & the original certificate is handed over to the party.
