

Collets

We are manufacturer and exporter of various types of collets such as industrial collets, round collets, step collets, 3c square collets, 5c round collet sets, 3c emergency collets and stator machining collet mandrel.

We offer a wide array of industrial collets that are designed and developed by using high grade raw material enabling them to be hardened and ground for long life. They offer optimum grip, accuracy and rigidity, which results in extended tool life and better surface finish.

These Industrial Collets are available in varied range such as:

- 3c round collets
- 3c collet stops
- 3c emergency collets
- 3c hex collets
- 5c round collets
- 5c round collet sets
- 3c collet stops
- 3c square collets
- 3c step collets

Our professionals make sure the end product is flawless by checking them at all the stages of production process.
