

Trading Division

SSMI is involved in Trading since 1995 and this division is located near Chennai port in a hub for Steel scrap / Secondaries . This division deals with Ferrous and Non Ferrous Scrap namely

Cold Rolled Sheets and Plates

Tinplate/BP/TFS Sheets and Coils

Heavy Melting Scrap, Shredded Scrap

The company has world wide contacts with major scrap yards, service centres, Mills and the materials are directly purchased from the origins.

The company has during these years gained expertise on the application of material imported and the material is segregated before selling them to end customer for value better value addition.

Sree Sumangala Metals & Industries is one of the very few companies in India which possesses an active Private Bonding License issued by Indian government which enables us to get the imported container shipment directly to our ware house and allows flexible custom duty payments during transfer of the imported material from our warehouses
