Simplex Basket Strainer

- ▶ **Size :** 1" to 60" Flanged End/Buttweld End
- ▶ **Moc :** Carbon steel, Stainless steel or Alloy steel
- ▶ **Pressure Rating :** 150# to 2500#

▶ **Features :**

- More open area for debris collection.
- Dimensions can be modified to suit customer requirements.
- Vent and drain provided on all strainers.

▶ **Options :**

- Bolted, quick opening hinged cover or davit assembly.
- Steam jacket for highly viscous fluids.
- Magnetic screen inserts.
- Pressure differential gauge and switch connections.
- Pleated filter elements for more filtration.

▶ **Special levels of NDE and material testing**

Duplex Basket Strainer

- ▶ **Size :** 1/2" to 2" Threaded Ends
1" to 24" Flanged Ends
- ▶ **Moc :** Carbon steel, stainless steel or alloy steel.

▶ **Features :**

- Continuous Flow- No shut Down for Cleaning.
- Single lever operation for safety and simplicity.
- Higher degree of filtration area.
- Butterfly or 3 way ball valve design.

▶ **Options :**

- Bolted, Quick Opening hinged cover or davit assembly.
- Magnetic Screen Inserts.
- Pressure differential gauge and switch connections.
- Pleated Filter elements for More Filtration.
- Steam jacketing for highly viscous fluids.

▶ **Special levels of NDE and material testing**

Quick Opening Casted Basket Strainers

► **Size :**

- 1/2" to 2" Screwed/Socket Weld Ends
- 3/4" to 12" Flanged End Connection

► **MOC :**

Cast steel, stainless steel or alloy steel.

► **Features :**

- Quick open cover-no tools needed.
- Integrally cast housings.
- Flow is from inside to outside the basket to trap and retain debris.
- Threaded drain.
- Large screen area ensures efficient filtration with low pressure drop.

► **Options :**

- Viton, PTFE-encapsulated, or EPDM seals.
- Pleated baskets for high filtration areas.
- Magnetic screen insert.
- Supplied with equipment such as DP gauges and switches, valves for vent and drains etc.

#Dimension for 150 Class Strainers

Size		Dimension			
INCH	MM	A	B	C	Drain
1 1/2"	40	200	260	182	3/4" NPT
2"	50	260	305	227	1" NPT
3"	80	300	330	250	1" NPT
4"	100	455	495	370	1" NPT
6"	150	570	639	475	1" NPT
8"	200	705	788	590	1 1/2" NPT
10"	250	850	905	680	1 1/2" NPT
12"	300	975	1080	805	2" NPT
16"	400	1150	1410	1120	2" NPT

*We are in continuous process of improving our designs, please refer to certified drawings before placing order.

Bag Filter Housings

► **Suitable for Bag Dimensions :**

- Dia 4" x 10" long Bag filter
- Dia 4" x 17" long Bag filter
- Dia 7" x 17" long Bag filter
- Dia 7" x 32" long Bag filter

► **Features :**

- Highly durable SS 304/SS 316 material.
- Positive sealing arrangement to avoid by passing.
- Lower pressure drop & high flow rates.
- Multiple bag filter/duplex bag filter unit designs available.
- Housings can be designed for custom bag size.

► **Housings for Single Bags / Multiple Bags**

Y Type Strainers

- ▶ **Size :**
 ¼" to 2" Screwed Ends/Socket Weld ends
 ½" to 16" Flanged ends/ Buttweld Ends

- ▶ **MOC :**
 Cast steel, stainless steel or alloy steel.

- ▶ **Features :**
 - Compact design.
 - Horizontal or vertical installation.
 - Large screening capacities.
 - Precision machined seats.
 - Bolted cover with blow off drain connection.

- ▶ **Options :**
 - Larger size and pressure ratings.
 - D.P. Tappings/Gauge.
 - Magnetic screen insert.
 - Special finish/linings.
 - Pleated filter elements for more filtration area.

Filtration Systems

- ▶ Trolley mounted bag filters.
- ▶ Mobile filtration systems with pump, pressure gauge and FRL.
- ▶ Custom made filtration systems as per your specifications can be designed and manufactured.

T Type Strainers

- ▶ **Size:** 1" to 24" Flanged Ends/Buttweld Ends
- ▶ **Mat:** Carbon steel, stainless steel or alloy steel
- ▶ **Pressure Rating:** 150# to 2500#
- ▶ **Features:**
 - Straight through flow design/side flow.
 - Dimensions can be modified to suit customer requirements.
 - Drain provided on strainers.
- ▶ **Options:**
 - Quick opening covers.
 - Cover lifting davits.
 - Upstream and downstream screen supports allow bi-directional flow.

*We are in continuous process of improving our designs, please refer to certified drawings before placing order.

Filter Elements

- Stainless steel wire mesh filter elements for T type, Y type and basket strainers.
- Filter elements for already existing housings can be manufactured as per your drawings.

Temporary Strainers

- **Size:** 1" to 48"
(To be sandwiched between FF, RF and RTJ flanges)
- **Moc:** Carbon steel, stainless steel or alloy steel
- **Pressure Rating:** 150# to 2500#
- **Three Types of Design are Available:**
Conical, Flat Hat and Plate Type

Specially designed for filtration of unwanted particles for protection of gas and fluid handling equipments during commissioning or maintenance of plant.

Size	A (O.D.)		B (I.D.)	C	D (Basket Length)		E (Cone Length)
