HIGH QUALITY CAST IRON, DUCTILE IRON, ALUMINIUM,

STEEL AND STAINLESS STEEL COMPONENTS AT **30%** REDUCED COSTS

Difficult times require cost reduction by adopting different ways. Sourcing castings from emerging countries gives you the benefit of lower labour costs without any risk.

Since 1994, Schutte Meyer India P Ltd has been successfully developing and supplying products and parts made of Cast Iron, Ductile Iron, Aliminium, Steel and Stainless Steel castings including machining to German and International clients.

Schutte Meyer India P Ltd. is a fully owned subsidiary of Schuette Meyer Gusstechnik GmbH located in Iserlohn, Germany, a 109 year old family owned steel foundry producing high value steel castings to several customers world wide.

Schutte Meyer India provides a complete supply chain solution right from development of patterns / dies, identification of right foundry, sourcing the castings, machining ing and other finishing operations and necessary logistics ensuring quality at all stages and maintaining customer schedules. All this in a cost effective manner making it posssible for you realize cost reduction of 30%

Materials and Specifications: Weight Range

Cast Iron
 Few Grams to 2000 Kg single

Nodular Iron piece weight

Aluminium Alloys Delivery Condition

Low Alloy Steels Raw Casting, Pre Machined

Stainless Steels and Final Machined

Heat Resistant Steels Sea Worthy Packing and

High Manganese Steels Safely delivered to any

To all relevant European and European or American port

North American specifications of your choice

We urge to make use of this opportunity to cut down your costs.

Machined Ductile Iron Spider Castings for floor polishing machines

Cast Iron Sprocket Wheel and Yoke Material GG25

Industries

Cast Iron Accessories for Show Room Display GG20 / GG25

Transmission Casing for Tractors. Material GGG40

Transmission Casing Cover Material GGG40

Cast Iron Brackets Machined

Fully Machined Cast Iron Part for Textile Machinery

Cast Iron Body for Side Gate Valve

Cast Iron Body for Slide Gate Valve

Cast Iron Accessories for Show Room Display GG20 / GG25

Cast Iron Body for Butterfly Valves

High Pressure Blowers for Textile Industries. Available in 3 sizes. Please ask for Catalog

Wear Resistant Alloy Cast Iron Drum for Polishing Grinding Media

Conveyor Pipes. 1.4112 Martensitic Stainless Steel precision machined and nitrided

Cylinder Head. 1.1118 Steel. To withstand hydraulic pressures upto 450 Bar. "Zero Defect" Casting

Yoke End Casting. 1.1118 Steel. To withstand hydraulic pressures upto 450 Bar "Zero Defect" casting

Globe Valve Body Casting. 1.0619 Grade.
Radiographic Quality

Y-Type Strainer Body. 1.0619 Radiographic Quality

Check Valve Body and Cover DN 100 PN10 1.4408

Butterfly Valve Body Castings. 1.0619
Size upto DN 900. Pressure Rating PN10/16

Fully Machined Clamping Ring. GS-52

90° Bend Pipe for Concrete Pumping. High Manganese Hadfield Steel 1.0446

S-Pipe Casting for Concrete Pumping. 1.7218 Steel

Fully Machined Clamping Ring. 1,4301

Precision Machined Knotenelement. 1.1138

Slide Gate Valve Assembly. DN100 to DN600. PN10/16 1.4308 / 1.4408

High Manganese Steel Sprocket Castings. 1.0446

Castings for Fly Ash Hopper 1.4806

Cylinder Bracket for Valves Material : AlSi10Mg

Cover for Gear Box Material : AlSi10Mg

Handle for Floor Polishing Machine

Accessories for Knife Gate Valve

Knife Gate Valve Body Size DN 50—300

Long Neck Butterfly Valve Body Size DN 100 –500

Short Neck Butterfly Valve Body Size DN 100-500

90° Bend for Water Pipe Size Dn 100 –200

Parts for Rain Water Gutter

Holder for Electric Bulb

Holder for Electric Bulb

Holder for Electric Bulb

High Pressure Blower Assembly Material : AlSi10Mg

High Pressure Blower Part Material : AlSi10Mg

High Pressure Blower Body Material : AlSi10Mg

Self Discharge Valve Assembly.

Material; AlSi10Mg

ACE LT020 Turning Center Job Dia 340 mm x Length 600 mm

PRECICUT Turret Milling Machine. X-600; Y-400; Z-400. DRO 0.005 mm Resolution

HMT FN 2H Milling Machine X-800; Y-265; Z-400

NEW UNITED Conventional Lathe Center Ht 24" x Length 76"

KILOSKAR Conventional Lathe Center Ht 20" x Length 76"

SCHAERER (German) Conventional Lathe Center Ht 12" x Length 76"

ACCURATE Conventional Lathe Center Ht 10" x Length 40"

GIRARDS Radial **CKP Pillar Drilling** Drilling Machine. Drill Dia 50 mm

Machine

TEAM Radial Drilling Machine Drill Dia 50 mm

UZAY Band Saw Cutting Machine Dla 10 mm to 180 mm

JASH 3-D Coordinate Measuring Machine With State-of-the-art software Range: 1000 mm X 700 mm X 500 mm

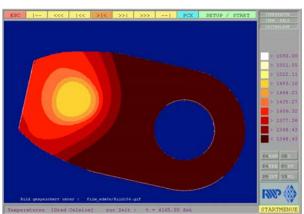

Wide Range of General Purpose Measuring Instruments and Custom Made GO / NOGO Gauges

Conversion of your 2–D Drawings into 3-D solid models using program of your choice.

- Pro-E
- Solid Works
- Solid Edge
- IDEAS
- CATIA

Production of Zero Defect Castings using state-of-the-art solidification software.

3-D Modelled and Computer Aided Manufactured Wooden, Metal and Araldite Patterns and Dies for

- Sand Castings
- Gravity Die Castings
- Pressure Die Castings

Guaranteed Mechanical Properties through computerized Universal Testing Machine.

Guaranteed Toughness with Impact Testing Machine. Test can be conducted at cryogenic temperatures upto -196°C

Guaranteed Conformance to Chemical Composition through state-of-the-art Spectrometer.

Guaranteed Conformance to Drawing Dimensions through state-of-the-art 3-D Coordinate Measuring Machine

Guaranteed freedom from surface and internal defects through Non-Destructive Testing. PT, MT and UT
