

Industrial Bolts

Offering you a complete choice of products which include Industrial Bolts such as Hex Head Bolts, Round Head Bolts, Carriage Bolts and Eye Bolts.

Hex Head Bolts

We are offering a wide gamut of Hex Head Bolts, which is made from quality material including stainless steel and brass. Our range of bolts is used in variety of applications in various industries and households. Clients can avail from us hex head bolts & carriage bolts. These are made as per the highest international standards.

Round Head Bolts

We excel in manufacturing and supplying a wide range of Round Head Bolts. These are manufactured by employing optimum quality components and following international industrial standards. Following the demands of clients we also provide these bolts in various range and technical specifications. Besides, demands of these bolts are extensively acclaimed for their durability and rugged construction.

Features:

- Durability
- Longer functional life
- High efficiency

Carriage Bolts

Leveraging on our rich industrial experience, we are involved in manufacturing and supplying a wide range of Carriage Bolts. Demands of these bolts are made from finest quality components, these bolts ensure longer functional life and durability. Our bolts are superior in quality and acclaimed for their high tensile strength and rugged construction. These are available in various dimensions, sizes and technical specifications.

Features:

- Longer functional life
- High efficiency
- Consistent performance

Eye Bolts

We are involved in manufacturing, supplying and exporting a wide range of Eye Bolts. These can be availed in various shapes, sizes and dimensions as per the exact demands and requirements of clients. These are extensively used in various industries for anchoring and towing systems. Owing to its

durable performance, abrasion resistance and high tensile strength these bolts are extensively recommended by various clients.

Features:

- Corrosion resistant
- Durable
- Precise design
