

Everflo

You will appreciate the compact, non-medical design of the EverFlo oxygen concentrator because it will fit right into their home environment. The unit is designed to be small, light, easy to transport and will fit into the trunk of a car. EverFlo has an easy-to-mount humidifier bottle connection and no patient filter

Oxygen Simplified

EverFlo Concentrators reduce the cost of **Oxygen Therapy**

Freedom of choice

EverFlo Q ultra quiet oxygen concentrator with all of the features of our EverFlo, plus :

- Provides ultra-quiet sound level of 40 dBA (under typical use)
- Reduces noise complaints and associated costs and time
- Differentiates your oxygen business to physicians
- The intuitive user interface is a **LCD touch screen** that is easy to use and read.

A **stylish case is comfortable for patients** to carry by hand or over the shoulder. For patients who prefer a hands-free way to carry their POC, an optional backpack, specifically designed for SimplyGo Mini, is available.

Pair EverFlo with EverGo for an ideal oxygen-generating solution.

EverFlo provides a low-maintenance, low-cost concentrator for stationary use and EverGo is a lightweight, portable concentrator with eight-hour battery life. The EverFlo and EverGo system can reduce your cost of providing oxygen therapy by:

- Eliminating recurring delivery costs and cylinder hassles
- Reducing maintenance costs
- Easing inventory management
- Minimizing patient calls

AC power

Input	100 to 240 VAC, 50/60 Hz
Output	19 VDC, 6.3 A max
Power consumption	120 W while charging

DC power

Input	12 – 16 VDC
Output	19 +/- 5% VDC, 6.3 A

Audible alarm

Sound level	56 dBA or greater when measured at 1 m
Alarm type	No breath, low oxygen concentration, high breath rate, technical fault, low battery, no flow, depleted battery, external power failure

Battery

Chemistry	Lithium ion 14.4 VDC (nominal)
Battery options	Standard battery Extended battery (equals two standard batteries)
Dimensions	Standard battery 7.9 in x 3.6 in x 1.0 in (20.1 cm x 9.1 cm x 2.5 cm) Extended battery 7.9 in x 3.6 in x 1.9 in (20.1 cm x 9.1 cm x 4.8 cm)
Weight	Standard battery 1.1 lbs (0.50 kg) Extended battery 2.1 lbs (0.95 kg)
Watt-hour rating	3.4 Ah x 3.6V x 8 cells = 97.9 Wh per standard battery
Charge time	Standard battery 4 hours maximum Extended battery 8 hours maximum

Typical battery duration on pulse setting 2, 20 BPM**

Standard battery	Up to 4.5 hours
Extended battery	Up to 9 hours

Ideal oxygen concentrators for you and your patients.

Philips Respironics recognizes the growing need for cost-effective and reliable oxygen concentrator that can reduce the cost of providing oxygen

therapy. That's why we've developed a series of forward-thinking oxygen products like EverFlo that simplify your life.

Expect industry-leading quality and reliability EverFlo stationary oxygen concentrators can save you time and money over the course of ownership because of their design and quality. Field-proven over more than three years, EverFlo was rated highest in perceived quality by a 2008 independent survey of homecare providers, and hundreds of thousands of units have been deployed worldwide.

Manufactured in the United States and backed by our deep design knowledge, EverFlo is developed using only high-quality parts. With a recessed flow meter, metal cannula connector, strong plastic casing, proven sieve bed, and Pressure Swing Adsorption (PSA) technology, you will notice a reduction in repair, complaints, and unscheduled visits.

Enjoy **ease of service** EverFlo is designed with fewer parts resulting in lower overall maintenance costs. EverFlo has just two filters. The external filter can be changed in minutes without special skills or tools and the internal micro disk filter is simply checked during routine maintenance procedures.

Differentiate your business

EverFlo concentrators are backed by value-added tools. From in-person and online training to financing options, you have what you need to succeed. And, since Philips Respironics offers a wide range of sleep and home respiratory products and comprehensive support, we can be the source for many of your product needs.

Easy to store, transport, and deliver.

EverFlo is compact, has a streamlined and integrated handle, and weighs only 31 pounds. This results in lower shipping and storage costs and may reduce risk of worker injury.

EverFlo is a green product

EverFlo is significantly lighter, quieter, and more energy efficient than its predecessor. These improvements include reductions of weight (40%), energy usage (24%), and packaging (15%).

Green logo

You'll find the Green logo on Philips environmentally friendly products, so that you can make the right environmental choice.
