

Agricultural Components

CULTIVATING A CULTURE OF GROWTH & INNOVATION.

CULTIVATOR SHANKS | RIPPER SHANKS | LEAF SPRINGS | DRAWBARS | TINES | C-SPRINGS | BLADES AND MANY OTHER SPECIALTY FORGED AND FORMED HEAT-TREATED STEEL PRODUCTS

FINEST TOLERANCES AND THE BROADEST CAPABILITY

- Geared for state-of-the-art production
- Formed, forged, upset, specialty heat treated alloy steel products
- Assist in development of custom products

TILLAGE IS WHAT WE DO.

Standen's has decades of experience manufacturing ground engagement tools for the agriculture industry. Our innovations have made us the number one producer of minimum tillage cultivator shanks and soil conservation tools in North America.
