

## Metacut DCM

- Effective solution for cutting fragile/extreme hard/ soft materials with minimal surface deformation.
- Precision job positioning by micrometer.
- Diamond blade - 0.15 , 0.30 , 0.40 mm. (High/low concentration diamond ).
- Various holders for different material & shapes' sectioning.
- Attachment for PCB ( PTH ) sectioning.
- High Torque Motor - 180 watts.
- Speed Variation - Stepless up to 500 rpm.
