

# Analytical Balance

## Product Details:

Minimum Order Quantity	<b>1 Number</b>
Response time	<b>3 seconds</b>
Power Required	<b>90 - 250V, 50/ 60Hz, 10 Watt</b>
Operating Temperature	<b>15 to 40 deg C</b>
Readability	<b>0.0001 Gm (0.1 mg)</b>

## Analytical Balance

Our company holds specialization in the trading and supplying of premium quality **Analytical Balance**. Our professionals obtain these products from established vendors of the industry.

Manufactured in accordance with industry set parameters, these products are used for density measurement. The products we offer are acknowledged by the clients for their high resolution, quick weighing and hassle-free performance.

## Features:

- High resolution
- Quick weighing
- Hassle-free performance

## Details:

- External Calibration
- A built in under hook for below weighing
- Easy to read Backlight LCD Display
- Density measurement for solid & liquid (Optional)
- Standard RS 232 C Interface
- Overload Protection
- Percentage (%) Weighing
- High Resolution, Quick Weighing,

- Based on E.M.F.C. Technology
- Tare range upto max. Capacity
- Multiple Weighing Units
- Animal Weighing Function
- Counting Weighing mode
- Unit Conversion and data output
