

Crane Scale

Crane Scales have varied uses in most industries which need remote weighing of that product moved through overhead traveling cranes. Tulaman offers a wide range of technically advanced crane scales which have been designed for continuous operation in the toughest of industrial environments. These scales are available in various capacities.

Note: Tulaman factory-trained engineers provide professional installation and after-sales maintenance. Tulaman also undertakes preventive maintenance through an Annual Maintenance Service Contract. Tulaman's After-Sales-Service keeps your scale working at top efficiency at all times.

Technical specifications for our Crane Scales HT – CRS Series

50	20	250/300
100	50	250/300
200/300	100	250/300
500	200	250/300
1000	500	250/300
2t/3t	1kg	250/300

- Auto Zero
- Auto Calibration
- User Calibration
- 100% over load protection

- Battery backup provision
 - Tare,Net/Gross weighment
 - 14mm 6 digit Bright Red LED Display
 - Precise and instant Weighing
 - Accurate and Reliable
 - Standby mode
-
- Accumulation of Weighments
 - Extra Display
 - Set Points(High,Low)
 - RS 232-C Serial Port
 - Piece Counting
 - Provision for SS 304 Pan / SS 304 Body
 - 14mm 6 digit Bright Green /Blue LED Display
-
- Chemical Industries
 - Pharmaceutical Industries
 - Food Processing Industries
 - Laboratory purpose
 - Q.C Departments
 - R & Departments
 - Store Departments
 - Departmental stores
 - Traders/Bakeries etc
