

FFS Machines

At Shree Matrikay Engineering, We Are Engaged In Manufacturing An Exclusive Range Of FFS Pouch Packing Machines. Being One Of The Most Renowned And Respected FFS Pouch Packing Machine Manufacturers, We Are Dedicated Towards Offering Superior Quality Products And Services To Suit The Unique Requirements Of Our Clients. Owing To Superior Functionality, Durability And Reliability, Our Offered Pouch Packing Machines Are Widely Appreciated By Our Clients All Around India. They Comply With International Standards And Offer Hassle Free Operations.

Being A Leading FFS Pouch Packing Machine Manufacturer, We Keep Track Of The Latest Market Trends And Deliver High Quality Ffs Pouch Packing Machines To Our Most Valued Clients. Due To Features Like Superior Functionality And Low Maintenance, They Are Highly Trusted By Our Clients For Packing Free Flowing Granules And Powder Of Uniform Weight And Size. All Our Machines Are Precisely Engineered Using Highest Grade And Quality Tested Raw Materials And Advanced Technologies. We Can Also Customize These Machines As Per Our Client's Diverse Industrial Requirements And Specifications. Our Clients Can Avail These Machines At Highly Affordable Prices In The Market.

Our Highly Efficient Pouch Packing Machines Can Function Without Glitches For Years And Have A Longer Lifespan. Available In Different Models, Our Pouch Packing Machines Are Widely Used For Packaging Spices, Supari, Tomato, Chutney, Sauce And More. High Tensile Strength, Robust Construction And A User Friendly Design Are Some Of The Best Features Of These Machines.

We Have A State Of The Art Infrastructural Facility And Talented Workforce Which Helps Us Deliver Highly Efficient Machines. Our Machines Are A Cost Effective Option For Varied

Applications In The Food Industry. Being A Customer Oriented Firm, We Constantly Strive To Improve Our Products And Services. This Makes Us One Of The Trusted Tomato Ketchup Packing Machine Manufacturers In India, Souce Packing Machine, Supari Packaging Machine.

Special Feature

- PLC / CPU Controller With 4" Touch Screen Colour HMI
- Gear Box With Motor By TRANSTECNO, ITALY.
- PID Temperature Controller By OMRON, JAPAN.
- Pneumatic System By SMC, JAPAN.
- Mark Sensor By P & F, Germany.
- Completely Tool Less Former For Quick Changeover.
- Motorized Film Unwinding For Uniform Film Tension Control.
- Product Recipe Setting.

Additional System

- Online Batch Coding Device.
- Static Charge Eliminator For Dust Free Sealling
- Nitrogen Gas Flushing System.

Specification

Model	SM 918	SM 918 S	SM 918 P
Bag Width	50 to 150mm	50 to 200mm	50 to 150mm
Bag Length	190mm	300mm	190mm
Power Supply	220watt/AC single Phase		
Air Requirement	6 CFM		
Max. Film Reel Width	320mm	450mm	320mm
Max. Film Diemeter	350mm		

Model	SM 918	SM 918 S	SM 918 P
Max. Machine Qutput	65Bages/Min		
Approx. Machine Weight	350mm		
Dimension L x W x H	760 x 660 x 2100mm		
Packing Material	Laminated/Virgin Film
