

## Centrifugal Blowers

We are engaged in manufacturing Centrifugal Blowers that are known for long functional life, less maintenance and outstanding performance. These are designed using latest technology to ensure stable and vibration free running. Our cost effective range comes in various specification to suit different requirements of environment security service providers.

### Features :

- Backward curved
- Straight radial
- Straight or flat backward sloped bladed impeller

### Technical Specification:

- Rotor diameter: 180 mm to 1600 mm
- Capacity: 200 m<sup>3</sup>/h to 150,000 m<sup>3</sup>/h up to 1000 mm WG static pressure
