

Butter Churners

Mahavir Industries is a renowned Butter Churner Manufacturers in Rajasthan, Madhya Pradesh, Punjab, Uttar Pradesh, and Haryana. As a leading name in the industry, we strive to manufacture and supply a wide range of bulk milk coolers that are well featured and designed. The capacity of our bulk cooling machine ranges from 300 liters to 5000 liters. They can survive the milk at 4 ° C. Moreover, the bulk milk cooler is featured to keep the milk away from all harmful bacteria, virus and fungus as they can muddy the milk or destroy it.

Specification of Butter Churner Capacity 200 Litre

Butter Churner 200 Ltr Electric
