

## Ribbon Blender

The ribbon blender that we manufacture is an efficient and versatile blending machine for mixing of dry granules & powders homogeneously. Approximately two third of the volume of the container of Ribbon Blender is filled to ensure proper mixing. The Ribbon Blender gives best result for mixing of dry powder & granules due to the design and shape of the mixing ribbon and product container. These are manufactured in a range of 25Kg to 5000Kg batch capacity in mild steel and stainless steel.
