

Gravity Separator

Gravity Separator are used for separating product of the same size but with different specific weight they are used effectively for removing partially eaten, immature & broken seeds to ensure maximum quality of the fine product. Our gravity separator has rpm control by automatic v.f.d system.

Model	Power	Capacity
MGS-3F	(0.75+3.75) kw	1-2 t/h
MGS-5F	(0.75+5.5) kw	3-4 t/h
MGS-7F	(1.1+7.5) kw	5-7 t/h
