

Impact Socket

Manual Water Hose Reel 100 mtr

MAHESH MAKE Impact Socket are Made from the SPECIAL alloy steel and our these sockets are highly durable and stringent. By the compact design these Impact Sockets gets ideal for use, such as in confined areas and the applications that use to be critical. It get's ensure from both clearance at the ends of the drive that the load on the nut or bolt is eliminated thus increasing the impact resistance and the torque transmitting capability. There's a capability from our side to mention ourself as better Impact Sockets Manufacturers and Suppliers based in India. These sockets are most durable and toughest available in the world. Available in Standard & Deep Lengths. Also available in thin wall design to facilitate the usage in confined areas and critical applications.

Below are link for the sizes of the sockets in both METRIC & INCHES:

- 1/2"(12.5mm) SQUARE DRIVE
- 1"(25mm) SQUARE DRIVE
- 1.1/2"(40mm) SQUARE DRIVE
- 3/4" (20mm) SQUARE DRIVE
- 3/8"(10mm) SQUARE DRIVE
- 2.1/2"(63mm) SQUARE DRIVE
- ACCESSORIES FOR THE IMPACT SOCKETS.

HEAVY DUTY INDUSTRIAL IMPACT SOCKETS & ACCESSORIES SQUARE DRIVE 3/8" to 2.1/2" FOR POWER TOOLS

Impact Socket 1/2" (12.5 MM) SQUARE DRIVE (METRIC SIZES)
