

## Roasting Machines

People who work in the food business usually need to roast ingredients. From almonds to coriander, everything semi-dry or moist that is going to be used in a variety of procedures first needs to be roasted. We produce roasting machines with a range of drum sizes to satisfy the needs of both home and business customers.

### Technical Details of Roasting Machine

ROASTING MACHINE	MOTOR (HP)	PHASE	WEIGHT (KG)	MACHINE SIZE (INCH)	CHAMBER SIZE (INCH)	ROASTING CAPACITY (KG/HR)
18" DRUM – TILTING	0.5	SINGLE	66	41" X 23" X 36"	18" X 18"	10 – 15
24" DRUM – TILTING	0.5	SINGLE	90	48" X 34" X 56"	24" X 24"	20 – 25
30" DRUM – TILTING	1	SINGLE	210	78" X 31" X 75"	30" X 40"	34 – 40
18" DRUM – REGULAR	0.5	SINGLE	88	42" X 19" X 38"	18" X 18"	10 – 15
24" DRUM – REGULAR	1	SINGLE	162	68" X 37" X 51"	32" X 32"	30 – 40
