

Uruly Roaster

Uruly Roaster roasts powder of rice, chilly, coriander, turmeric, etc. Uruly Roaster is a unit of Aluminium Warpu and geared motor fitted stirrer attached to MS frame. We make both Firewood and LPG Stove Uruly Roasters with special provision to discharge roasted materials through pipe at bottom centre of Uruly. Smokeless Firewood Stove for Uruli Roaster is made of best quality furnace bricks for both long life and best heat retention.
