

## Globe Valves

Face to face : ANSI B 16.10, ND-16/ ND-40. End connection : Flange end as per ANSI B 16.5 & 26, DIN2533/2543/2535/2545 Additional features available: Gear operation, limit switch, electrical actuator, and position indicators. I.B.R certification on request. Angle type globe valve class- 150# & 300# available on request.

### Technical details& features

- Face to face : ANSI B 16.10, ND-16/ ND-40.
- End connection : Flange end as per ANSI B 16.5 & 26, DIN2533/2543/2535/2545
- Additional features available: Gear operation, limit switch, electrical actuator, and position indicators.
- I.B.R certification on request.
- Angle type globe valve class- 150# & 300# available on request.

Class available	Sizes
150#	1" to 12"
300#	1" to 12"
600#	1" to 8"
900#	1" to 8"
1500#	1" to 8"
2500#	1" to 6"
