

Cotton Tape

Our dexterous team helps us export and supply high-quality **Cotton Tape**. They are available to clients in different lengths, widths and thicknesses and are used in electrical motors and appliances. They are used for various purposes like Carbon strapping, masking and sealing due to their water-proof nature. They are highly acclaimed for their outstanding resistance and toughness. These tapes are budget-friendly. We export them to our clients based in other countries through various shipment modes. They have a long shelf life and are damage-resistant. They are quality-tested for efficiency. They are available in different sizes like 1/2 inch, 3/4 inch and 1 inch under various brand names like Lotus, Vitco, Roja etc.
