

Industries Served

The Industries that Raj Equipment serves are very diversified. We are dedicated to develop & manufacture new innovative products that are designed to meet the demand of today's fastest growing industries. We are also committed to taking new challenges of projects from multiple industries which enables us to approach each job with a fresh and creative attitude.

- Agriculture.
- Electrical and Electronic manufacturing.
- Food and Beverages.
- Furniture and Fixtures.
- HVAC Commercial.
- Industrial Automation.
- Machinery.
- Military and Defense.
- Power and Automation.
- Recreation Equipment.
- Telecommunications.
- Transportation.
- Aviation and Aerospace.

Key Features

- Low cost manufacturing plant with state of the art equipments.
- Ability to supply parts as per global quality requirements through process control and implementation of customer standards.
- Ability to support timely & continuous production volumes.
- Bending services can be given as per customers drawing.
- Fabrication of materials such as MSRCA, GI, SS304, SS316, Aluminium & many more services has been served by our company.

Quality Policy

We are committed to fabricate and supply products to customers duly meeting quality and delivery requirements with emphasis on continual improvement of the quality management system and long term relationship to achieve total customer satisfaction.

Applications

- MS channels.
- Z curtain profiles.

- Truck surface body cover.
- Corner Brackets.
- Punched hole base plates.
- Agriculture leveler and Hull.
- U-clamps.
- Drum rings.
- Bending sheets.
- Container sheets.
- Circular pipe coil formation.
- Pipe bending.

Machine with capabilities

- 1) Hydraulic Shearing Machine – 3000mm X 6mm.
- 2) Hydraulic Shearing Machine – 3000mm X 16mm.
- 3) Power Press – 75 tonnage
- 4) Power Press – Inner side = 25 ton
Outer side = 50 ton
- 5) Hydraulic Press Brake – 3000mm X 6mm.
- 6) Flat rolling machine – 700mm X 2.5mm.
- 7) Fit rolling machine – 800mm X 1.5 mm.
- 8) Pipe Bending machine – Dia(100mm) X Thickness(5mm).

Clients

- Raina Agrico Pvt. Ltd.
- Fabrimax Engineering Pvt. Ltd.
- Nextrack Engineering
- Perfect Formers
- Hindustan Equipment
- Girnar Motors
- Nangia Motors
- Malwa containers
- Renuka Equipments Pvt. Ltd.
- R C Plasto tanks and pipes Pvt. Ltd.
