

# Multifunction Meter

Multifunction Meter Applications :

- Control Panel
- Distribution Panels
- Genset Panels
- Plant Monitoring
- Control System

## Multifunction Meter - MFM384 (96mm x 96mm)

- 3 (True rms) Current
- 3 Power (Active, Reactive, Apparent)
- 3 Power Factor
- Energy (Active, Reactive, Apparent)
- Frequency
- Programmable CT/PT Primary/Secondary
- Single pulse output
- Modbus RTU communication (RS485) (optional)

## Multifunction Meter - MFM374 (96mm x 96mm)

- 3 (True rms) Voltage
- 3 (True rms) Current
- 3 Power (Active, Reactive, Apparent)
- 3 Power Factor
- Energy (Active, Reactive, Apparent)
- Frequency
- Programmable CT/PT Primary/Secondary
- Single pulse output

## Multifunction Meter - MFM383A (96mm x 96mm)

- 3 (True rms) Voltage
- 3 (True rms) Current
- 3 Power (Active, Reactive & Apparent)
- 3 Power factor
- Frequency
- Energy (Active)
- Programmable CT / PT
- Pulse output
