

Copper / Brass

We are recognized as one of the reliable suppliers for copper and brass products in India. The array of these industrial products offered by us includes tubes, pipes, coils, sheets, circles, sections etc. in varied sizes and dimensions meeting the requisites of the applications. The use of premium quality raw material in manufacturing of these products ensures high durability, tensile strength and resistivity to adverse conditions.

Flats/Bus Bar

Sizes

Width - 20 mm to 150 mm

Thickness - 5 mm to 25 mm

Sharpness

1. with Sharp Edges
2. with Round Edges
3. with Full Radius

In annealed (o), half hard (HB) and full hard (HD) condition

Applications

- Transformers
- Control Panel
- Rectifier
- Furnace
- Heavy Electrical Engineering
- Earthing

Tubes/Pipes

Sizes:

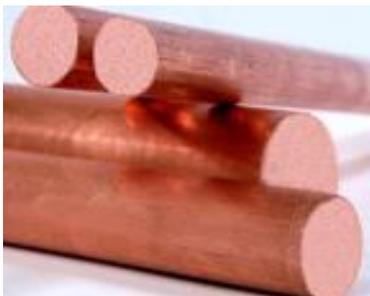

Outer Diameter - Outer Diameter 6mm to 6"

Thickness - 0.6 mm to 6 mm

Applications

- Solar Hot Water Systems
- Refrigeration and Air Conditioners
- Heat Exchangers/Radiators
- Hospital and gas pipe line
- Metro Projects

Rods

In dimensions and specifications as per customers requirement.

Applications

- Transformers
- Control Panel
- Rectifier
- Furnace
- Heavy Electrical Engineering

Copper Coils

Sizes and Shapes

Outer Diameter - 5 mm to 50.8 mm

Thickness - 0.5 mm to 6 mm

Length Upto - 50ft

Applications

- Refrigeration and Air Conditioner
- Solar - Technology
- Heat Exchangers
- Condensers
- Instrumentation

Sheets, Foils and circles

We offer wide range of copper/brass foil, sheets and circles that are available in different sizes, thickness and other specifications. These are made using the high quality raw material that ensures corrosion resistance, high strength and long service life. Further, we also provide such copper/brass foils in customized specifications to the clients

Applications

- Solar/Heat Exchanger tanks
- Earthing
- Aerospace
- Automobile

Copper Strips

We are well-reputed as one of the eminent Copper Strips Suppliers from India. The Copper used in the manufacturing of the Copper Alloy Strips are of premium quality that ensures high durability, tensile strength and resistivity to adverse conditions. Additionally, the array also includes customized Industrial Copper Strips meeting the international quality norms.

Given Below are Many Industrial Sectors and Application of Copper Sheets, Strips and Coils :

Automotive Radiator	Metal Forming
Gaskets	Plumbing Products
Eyelets	Hardware
Lamp caps	Electrical Fittings
Terminals	Electronic Components
Metal Zip	Flashlights
Handicraft	Decorative Items
Domestic Appliances	Connectors
Shaving Products	Springs
Telecommunications	Locks
Photo Frame	

Brass Divisional Strip

We supply Brass Divisional, end strip and zigzag section to various sugar mill machinery manufacturers used for vacuum mud filter.

Fittings

Fittings are available in form of "U" bend, Tee, Elbow, Coupling, Reducing coupling, Ball valve etc.
