

Industrial Machinery

We are **Supplier of Old Industrial Machinery** in ankleshwar, Gujarat, India, **Supplier of Used Industrial Machinery** in ankleshwar, Gujarat, India, **Supplier of Second hand Industrial Machinery** in ankleshwar, Gujarat, India.

The **Industrial Machinery** is a new drier that integrates mixing and drying in the one body and equips with condenser and vacuum pump. Therefore the vacuum drier is formed. The drier is advanced in design, simple in inner structure, easy for cleaning, to discharge all raw material, convenient in operation and improving work environment.

Material that cannot undertake high temperature, Material that is easy to oxidize, Material that do not permit to destruct.

Advantages:

- Reduces drying time
- Eliminates need for re-drying of lumps
- Handling and exposure of final product is avoided
