

# Hospital Incinerator

Bionics Scientific brings to you **incinerators for medical and laboratory use**. Coming with sturdy, compact design and high performance; these incinerators are first choice for solving the biomedical waste disposal problems in hospitals, laboratories, universities, medical colleges, clinics and various industries, where safe and clean disposal of garbage is a prime requisite. Depend upon types of disposal waste, we design, manufacture and supply following types of incinerator systems:

Incinerator for Medical Waste	Incinerator for Hazardous Waste	Incinerator for Chemical Waste
Incinerator for Biomedical Waste	Incinerator for Chemicals	Incinerator for Clinical waste
Incinerator for Chicken Litter	Incinerator for Animal Waste	Incinerator for Paper Waste
Armed Forces Military waste	Apartments and office waste	Medicine & tablet packaging waste
Marine Incinerators	Home & garden garbage waste	Municipal solid waste

Whether required in office, apartments, hospitals etc. Bionics® incinerators are designed and manufactured to cope with the growing demand of effective waste management system, which should comply norms of environmental regularities. With using innovative technology, these export quality incinerators for biomedical waste and other hazardous wastes come with unmatched quality standards, durable and of course long lasting performance. Our incinerator units are manufactured to produce the highest possible combustion rate from the smallest amount of energy consumption.

## Incinerator Machine Features:

High temperature incinerator	99% combustion efficiency
Temperature up to 1200°C or as required	Smoke and smell free
Excellent heat retention	CE and ISO certified
Electric powered	Fast heatup times

## Incinerator Machine Specifications:

Product	Incinerator
Temperature	Up to 1200°C or as required
Capacity	10 to 500 Kg / hr.
Burning Efficiency	98%
Noise	<78db
Power	Electric
Chamber	Single / Dual chamber
Body construction	Mild Steel, painted w/ heat resistant aluminum paint
Size	As required
Safety Alarm	Yes
Emergency vent	Yes
Monitoring device	Graphic or Computer recording / monitoring device (Optional)
Air Pollution Control Device	Yes
Certifications	CE and ISO

Our company is a **manufacturer, supplier and exporter** of hospital incinerator systems in India and specializes commissioning solid / liquid / gaseous waste incineration systems. Not limited to manufacturing, we also provide *repair and maintenance contracts for public and private sectors*. We are highly committed to supply finest of incineration systems available on the market.

Our incinerators are compliant to various international standards and are also supplied and exported to various Asian, African and Middle East countries at economical price and excellent warranty. Please contact us to know more about incinerator price, warranty and supply details. Just fill up the query form or emails us your details queries, our sales team will assist you with complete information you need.
