

Digital Incubator

Product Details

Certification

CE Certified, ISO Certified

Application

Industrial Use, Medical Use

Color

Blue, White

Voltage

220V

Condition

New

Frequency

50Hz

Volume

100-150ltr, 150-200ltr, 200-250ltr, 250-300ltr, 300-350ltr

Automation Grade

Semi Automatic

No of Shelves

2 Shelves, 3 Shelves

Brand Name

BYANLAB, BYANLAB

Power

220V AC

After-Sales Service Provided

Yes

Usage/Application

Laboratory Hospitals

Chamber Volume

112 liters

Size

300 x 300 x 300mm (12

Temp. Controller cum indicator

PID with display of preset & actual inner temp.

Aluminum Metal Laboratory Incubator Size

12*12 or 14*14 with 24 Gauge

Inner Chamber(W*D*H)

Volume Liters

30*30*30 cms

27 ltrs

35*35*35 cms

45 ltrs

45*45*45 cms

95 ltrs

45*45*60 cms

125 ltrs

60*60*60 cms

252 ltrs

60*60*90 cms

336 ltrs

Power supply

220/230V AC

Inner Chamber

Stainless Steel

Coating

Powder Coating

Finish

Mirror finish

Temperature Sensor

PT-100

Product Code

BL-170

Port

Ambala Cantt

Delivery Time

10Days

Packaging Details

Wooden Box

Our company is a premium supplier of **Bacteriological Incubator**, which has richly anodized and highly polished stainless steel sheet surface. The outer body of Bacteriological Incubator offered by our company is made from thick mild steel and is finished with white stoving enamel paint or mat finished pastel color. Special glass wool is filled between the gaps for temperature insulation.
