

## Rock Valve

Especially powerful and compactly dimensioned design with high torsional stiffness. Dampens torsional vibrations and shocks and compensates high axial as well as moderate radial and angular misalignments.

Sizes	Part No.
DN190/DN160	78610307432
DN210/DN180	78610069209
DN210/180 M	78610197734
DN220/180	78610181912
