- LPG Cylinder Requalification
- Special Purpose Machineries

PAM Systems Private Limited

PROFILE

PAM Systems Pvt. Limited (PSPL) is an Indo-French joint venture with Société Provençale d'Automation et de Mécanique, France (PAM-France). It has developed a new range of machines involving electronic automation. PSPL machines have not only met with customer acceptance in India, but also abroad.

PSPL offers wide variety of solutions to its customers with appropriate technology depending on the customer requirements, operating practices and ambient conditions. Innovative techniques are adopted to ensure that the occasional human error does not result into a safety issue.

COMMITMENT

PAM Systems Pvt. Limited is a company committed to the service of LPG Bottling Plant Industry. It provides customized innovative solutions to add value to its customer's enterprise.

EXPORTS

PAM Systems Pvt. Limited has its clientele in Denmark, Djibouti, France, Kenya, Middle East, Nepal, Nigeria, Rwanda, Somalia, South Sudan & Tanzania.

CUSTOMISATION

PSPL's ability to customize equipments in innovative manner is well appreciated by its customers. The customization is not merely modification of the existing design, but design made from first principles to suit the purpose.

PRODUCT RANGE

Conveyor Systems

Chain Conveyor
Telescopic Conveyor
Roller Conveyor

Electronic Filling Machines

Manual
Semi Automatic
Automatic

Downstream Equipments

Check Weight Scale
Weight Correction Scale
Compact Valve Tester
Safety Cap Fixing Machine
Test Bath
Cylinder Evacuation System

Special Equipments

Containerised Plant
Dosing Unit For Metal Cutting Gas
Evacuation Vessel
LPG Cylinder Hydro Pressure Testing
Micro LPG Bottling Plant
Skid Mounted LPG Plant
Tare Weight Capturing Unit
Ultrasonic Valve Cleaning Unit
Vehicle Mounted LPG Filling System
Evacuation Pump (Air Operated)
Statistical Quality Control System

Cold Repairing Equipments

Data Punching Unit Of LPG Cylinder
Valve Changing Machine
Foot Ring / Collar Straightening

Utility Equipments

Cylinder Washing Unit
LPG Cylinder Drying Unit
LPG Cylinder Purging Unit
