

SFS-Solid-Front-Process-Pressure-Gauge

Solid front type construction Dry, liquid filled Socket and case welded External Zero Adjustments Overload protection 130 % Optional electric contacts Measuring system SS316L, Monel, Ni Span Complies to ASME B40.1 / EN837-1 / IS-3624

Description:

- Solid front type construction
- Dry, liquid filled
- Socket and case welded
- External Zero Adjustments
- Overload protection 130 %
- Optional electric contacts
- Measuring system SS316L, Monel, Ni Span
- Complies to ASME B40.1 / EN837-1 / IS-3624
